5<sup>th</sup> Grade

## Math Overview

Students convert measurements within a given measurement system (i.e. convert cm to m). They will also fluently multiply and explain patterns in the number of zeros when multiplying by a power of ten. Students will also begin find whole-number quotients of whole numbers with four-digit dividends and two-digit divisors as well as solve fraction problems.

## Skills Focus

- Measurement Conversion
- Multiplication by powers of 10
- Divide four-digit dividends by two-digit divisors
- Word Problems with fractions
- Topic 11 - EnVision Math
- Topic 12 - EnVision Math

## At Home Connection
